5 Layers Printing,

double sided application
[color] + [white] + [black] + [white] + [color]
3D stereo image, new application for windows stickers,
can print different design pattern on both sides.

Double ads on one media. Light, tight, non-overlapping

- High Efficient UV-LED Technology.
- Four Layers Printing, Exquisite and Vivid Color Output.
- International Environmental Standard UV Inks.
- Odorless, Less Environmental Impact.
- Optional Eight-color Print Mode (CMYK-LC-LM-LK-W).
- Superior Image Quality on A Wide Array of Media with UV Ink.

Adopting 4 Layers Printing Technology, Enable The Backlight Pattern Magically.

With the interior light on, these four layers printing technology 'Color+Black+White+Color', can achieve the magically changing effect of the patterns from backlight.

The ability of switching the pattern through day and night, external and interior fully reflecting the performance techniques used in new advertising era, thus increasing the added value of your advertising.
